

Product Descriptions

100 Words

Autodesk® SketchBook Pro software offers best-in-class sketching capabilities for professional designers and artists from all industries. A paint and drawing application designed specifically for use with digitized pen tablets and Tablet PCs, it can be used in any creative process where pen and paper would traditionally be used. With a patented user interface that is fast and intuitive, even new users can be productive within minutes. Autodesk® SketchBook Pro represents the next generation of digital design products that focuses on the user, translating technology and functionality into a natural drawing experience.

50 Words

Autodesk® SketchBook Pro is a paint and drawing application designed specifically for use with digitized pen tablets and Tablet PCs. SketchBook Pro offers industry-leading sketching tools and delivers them through a streamlined user interface that is so fast and intuitive that a new user can be productive within minutes.

25 Words

Autodesk® SketchBook Pro software is your digital sketchpad. It can be used in any creative process where pen and paper would traditionally be used.
